*honoring Florida's Pregnancy Center Directors*

A Celebration of Life | Pro-Family Days | January 22, 2018

John Stemberger  
President,  
Florida Family  
Policy Council

Pregnancy center directors are some of the greatest heroes of our world today. Sadly, instead of being honored, many people are seeking to discredit the remarkable work that they do in helping women make the second most important choice in their life. These ladies and men sacrificially lay down their lives by giving their time, their talents and their treasures to women and their children in some of the most difficult situations that humans face. In Florida, we want to be clear that we honor, respect and revere those who work to save the lives of women and their unborn children. Therefore, our program this year is dedicated to these named on the following pages who labor every day to produce “trophy of grace.”

*“It is my distinct privilege to take part in honoring some of Florida’s finest servant leaders who minister kindness and mercy to women and their children at the most critical point in their lives when they need to be cared for.”*

## CONNECT WITH FLORIDA'S PRO-FAMILY TEAM

The flagship organization of Florida's pro-family team. It is a 501c3 education organization which is the state's premier social conservative group advocating for life, marriage, family, and our religious liberty. Sign up for email alerts today at [www.FLfamily.org](http://www.FLfamily.org)

The lobbying arm of the Florida Family Policy Council. This is the organization used to influence the outcome of legislation at a state or federal level, for issues relating to public policy and judicial appointments.

A state-wide coalition campaign to strengthen marriages and reduce the need for divorce in Florida. Our goal of the movement is to see 10,000 lay marriage mentors trained, primarily through Florida churches, and to help other couples with pre-marital and crisis marriage counseling.
